

torbo® Newsletter 7/2015

Merry Christmas!

Another year is coming to an end. That's why we want to use this newsletter to thank you for the past year 2015. We hope that you have the chance to enjoy the time with your family and friends and we all will go on in 2016!

To you and your family the whole torbo staff wish a very, merry Christmas and happy new year 2016!!!

By the way: The staff of the torbo work Borken in Germany want to enjoy the Christmas holidays, too. So our work will be closed from December 21st, 2015. On January 4, 2016 we will be back for you! In urgent cases you can contact our sales managers on following numbers below:

Andreas Schmatter, +49 (0) 176 29 90 25 30,
Detlef Hauser, +49 (0) 171 8668 111 and
Oliver Kramer, +49 (0) 160 866 855 15.

Do not forget the winter maintenance!

With the torbo machines you can work down to 0°C in all weather conditions. At temperatures below 0°C it must be expected that there will be frost damage. Helpful tips to protect your machine against frost will be found in the engine manual or on our website.

The winter season is the best time for get your machine maintained! Please contact your torbo dealer or our factory in Borken to make an appointment. We winterize your machine, get it through the winter months and at the end of February you receive your operational machine again.

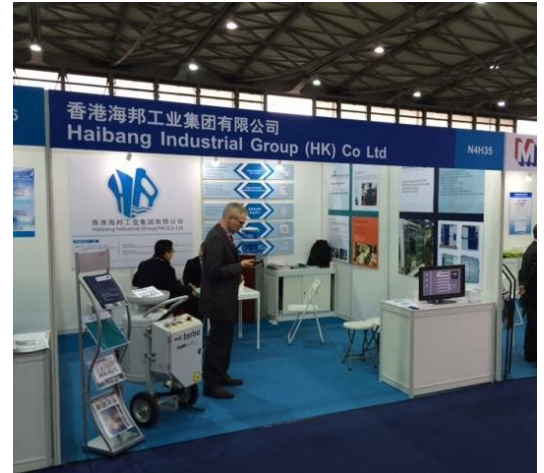

You wish to use the torbo winter service? You just need to make an appointment! For appointments and questions about the winter maintenance you can call us on +49 (0) 2861 94290.

Marintec China 2015 in Shanghai

Even towards the end of 2015 everything's running at full speed at torbo. Therefore we did not miss to visit the Marintec China 2015 together with our Chinese partners of Haibang Industrial Group. The biggest and most prestigious Marine trade fair in Asia is once again attracted numerous visitors from around the world to the industrial city.

For us Oliver Kramer has visited Shanghai. After his return to Germany he was impressed by the interest of the visitors: "The torbo system fascinated many visitors." And also our Chinese partners on site were visibly delighted with the presence of an employee from the torbo factory in Borken.

In this context we'd like to thank all of our partners with whom we had the pleasure this year to challenge the fairs together. It gave us a lot of pleasure and we are looking forward to the "fair year" 2016.

A little preview: Visit us on the DCONex 2016!

The first fair in 2016 where we will take part is already booked. If you like you can visit on the DCONex 2016 in Essen/Germany. The 4th DCONex congress trade fair, the only integrative, special trade fair dealing with hazardous substance management as well as remediation and renovation, will be held from January 13 to 15, 2016 in conjunction with **DEUBAUKOM** and the tradefair for infrastructure **InfraTech** in Essen, Germany. You can find us in hall 2, booth B30. We're looking forward to seeing you!

News in 2016...

In the next year we'd like to share our news with you, too. If you've got any interesting proposals for the design, on the subjects or pictures, we would be very pleased about participation. Just send your photos and your story to newsletter@torbo.de and soon your story will be read all over the world in the torbo newsletter.

We wish all our partners, customers and suppliers a successful and healthy 2016!

You like to use the social media? Great, so we do! Come on, visit us...
